

Defendzzzz Natural Insect Repellent

We use Extra Virgin Avocado Oil & Pure Safflower Oil as the carrier oil for the Essential Oils in this Natural Insect Repellent.

The Essential Oils of Lemon Eucalyptus, Pine & Cedarwood combine to produce an effective all-natural insect repellent for all the family aged 2 years and older.

We are confident Defendzzzz will quickly become a family favourite in homes across NZ.

Natural Kids Vapour Rubs

We use Extra Virgin Avocado Oil and Pure Safflower Oil as the carrier oil for the Essential Oils used in this children's vapour rub. Both oils are known to have amazing skin nourishing properties.

The Child friendly Essential Oils of Spearmint, Fir Needle and Lavender combine to produce a vapour rub that has an amazing smell that children will love.

Designed for kids aged 2 years and over, Snufflezzzz is certain to become a family favourite in homes across NZ.

Cocavo developed their AvoSpa range of all-Natural skin balms, vapour rubs and insect repellent to give consumers an alternative to the chemical laden products flooding the market.

Using Extra Virgin Avocado Oil as the main carrier oil for the essential oils used in the products, complimented by Extra Virgin Coconut Oil & Natural Beeswax, the AvoSpa range meets consumer demand for Natural & Safe products for themselves and their families.

You can rest assured when purchasing any Cocavo product, whether it be one of our amazing cooking oils or a product from our AvoSpa Range, customer safety is our No. 1 Priority.

- We use Natural Ingredients - NO Petroleum based oils are used!
- We will never use Palm Oil or Palm Kernel Oil.
- Our Raw materials are sustainably sourced from "Approved Suppliers" ensuring they meet strict quality requirements & full traceability.
- All our products are manufactured following strict HACCP & Food Safety procedures that are annually audited by SGS NZ Limited.
- Our AvoSpa products are all Batch Numbered.
- Our AvoSpa products are packaged in attractive Glass Jars or Bottles with Tamper Evident Seals for consumer safety.
- Importantly, by purchasing a product from our AvoSpa Skin Care Range, you will be supporting the UpsideDowns Education Trust who rely on donations & sponsorship to fund their amazing work.

Skin Balm Series

Breeze Balm

We use Extra Virgin Avocado Oil as the carrier oil for the Essential Oils in this Vapour Rub Balm. We also add Extra Virgin Coconut Oil & Natural Beeswax to bind the balm producing an awesome texture.

The Essential Oils of Peppermint & Eucalyptus combined with Menthol produce an effective all-natural vapour rub for all the family aged 10 years and older.

We are confident Breeze Balm will quickly become a family favourite in homes across NZ.

Manuka Balm

Manuka Oil is the hero ingredient in our Manuka Balm. Blended into Extra Virgin Avocado Oil, Extra Virgin Coconut Oil & Natural Beeswax, our Manuka Balm is simply superb. For centuries, New Zealand Maori have used the Manuka Oil from the native tea tree, Manuka, to treat everything from rheumatism and fevers to burns and skin disorders.

When used in skin care, the antibacterial, anti-fungal and anti-inflammatory properties of Manuka oil combat skin irritation and infections, including acne-causing bacteria.

Kawakawa Balm

We use Extra Virgin Avocado Oil as the carrier oil for the Kawakawa leaf infusion used in this Balm. We also add Extra Virgin Coconut Oil & Natural Beeswax to bind the balm producing an awesome texture.

Leaves of the Kawakawa Tree contain Myristicin and Diyangambin, both bioactive substances that account for the Anti-inflammatory & Anti-microbial properties of Kawakawa.

Hemp Balm

Hemp Seed Oil is the hero ingredient in our Hemp Balm. Blended into Extra Virgin Avocado Oil, Extra Virgin Coconut Oil & Natural Beeswax, our Hemp Balm is simply superb for the skin. Moisturising is the biggest and most well-verified benefit that hemp seed oil can deliver. Hemp oil is emollient and leaves the skin feeling soft and supple. Hemp seed oil is high in antioxidant constituents: fatty acids like gamma-linolenic acid (GLA), and vitamins A, C, and E.

Antioxidant skin care products may help give your skin some protection against premature aging. Hemp oil contains components that have anti-inflammatory properties, and current research suggests it may help relieve skin inflammation.

Kawakawa Balm

– with Turmeric & Lemon Zest

We use Extra Virgin Avocado Oil that has been infused with Lemon Zest Oil & Turmeric Flavonoids as the carrier oil for the Kawakawa leaf infusion used in this Balm.

We also add Extra Virgin Coconut Oil & Natural Beeswax to bind the balm producing an awesome texture. Both Lemon Zest Oil & Turmeric have amazing skin nourishing & healing properties.

Leaves of the Kawakawa Tree contain Myristicin and Diyangambin, both bioactive substances that account for the healing properties of Kawakawa.
