DOG & MOG

NUTRITIONAL OILS FOR DOGS & CATS

GIDDY-UP NZ FLAXSEED OIL

Dog & Mog Flax Seed Oil is an essential supplement to your dog & cat's feed, as many commercial pet foods do not provide the "good fats" necessary for healthy skin and coat that your dog needs.

Supplementing your pets feed with Flax Oil (also known as Linseed Oil or Flaxseed Oil) is a great way of adding important essential fatty acids to your pet's diet. Omega-3 & Omega-6 are known as Essential Fatty Acids (EFA) and are best diet or from additional supplements.

INGREDIENTS:

100% NZ COLD PRESSED FLAX SEED OIL

Packaging Options:

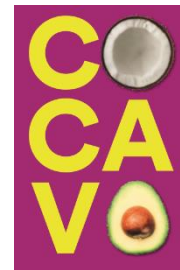

- 1lt
- 5lt

Smaller or larger quantities
available on request
